

THE HEPBURN HOWLER

June 2022

Municipal Updates

With warmer weather upon us, Council is happy to announce significant happenings related to projects around town. The parks & pathways project is nearing completion with a playground installation in Whisper Ridge and the community park improvement scheduled next! A section of the roof at Heritage Common is being replaced, and many events and bookings are underway there. Town staff have completed an audit of the town's sidewalks, with pedestrian safety in mind.

The town is bustling with summer activity! With this in mind, I encourage all of us to consider good road etiquette – reminding children of bike safety & drivers to be mindful of pedestrians and cyclists. If you are out walking or riding, ensure attention and right of way is given to vehicle traffic.

Fair Days is just around the corner, I am reminded of what a great community we have... there is much to be thankful for in what we are building here & this wonderful place we call home! - Councillor Erica Baerwald

Spring Clean-Up Day June 4 at the Arena compound from 7:30 am-3 pm.

Please remember that there is a LIMIT of one ½ ton load OR one 8ft trailer load per household. Please respect the limit to help keep this free program running for the residents of Hepburn.

Lawn Care

This is a friendly reminder that home owners are responsible for mowing the grass in the ditches around their homes. Together we can keep our town looking clean and beautiful all summer long!

Potential Causes of High Water Bills

An unusually high water bill is most often caused by a leak or change in water use. Some common causes include: a leaking toilet, a toilet that continues to run after being flushed, a dripping faucet (a faucet drip can waste 20 gallons of water a day or more), filling or topping up a swimming pool, watering the yard (check for an open

hose bib), kids home for summer or school holidays, guests, water-cooled air conditioners, a broken water pipe or obvious leak (check the pipes in the basement or crawlspace), the water heater could be leaking, or water softener cycling continuously.

Loraas Organics Collection Day Change

The Loraas organics collection schedule will be changing in June. An updated Loraas schedule is located on the Town of Hepburn website, or you can pickup a copy at the Town office.

Hepburn Fire & EMS Department

Hepburn Fire & EMS are looking for volunteers. If you are interested in joining the team, please visit the town office to pick up an application form.

The new park is open!

A HUGE thank you to the Parks and Pathways team, and all the volunteers who helped with the construction of the new park in Whisper Ridge!

The little park renovations are taking place from June 1-12, and will be closed during this time. Please ensure your children follow all signage, and stay away from the work area until the park is announced as open. The most up to date information will be on Facebook.

Both park renovations are made possible by the ICIP COVID Resiliency Parks and Pathways Grant.

Heritage common updates

Thank you to Easton Painting and the CO-OP Paint grant for the much needed facelift to the main hall of Heritage Common.
