Town of Hepburn

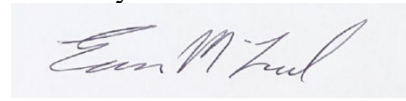

Dear Waterworks Owner/Operator:

RE: Precautionary Drinking Water Advisory for the Town of Hepburn - Rescinded

The Water Security Agency (WSA) is satisfied with the watermain repair, negative bacteriological sampling and adequate disinfection residuals and turbidity values from samples that have been collected from the water distribution system following the watermain break and recent waterworks system depressurization. Therefore, effective immediately the WSA is rescinding the “**“Precautionary Drinking Water Advisory”** for the residents and users of the Town of Hepburn’s water supply.

For further information please do not hesitate to contact the undersigned at (306) 961-8400 or evan.mcleod@wsask.ca

Sincerely

A handwritten signature in cursive script, appearing to read "Evan McLeod", is displayed on a light blue rectangular background. Below the signature is a thin horizontal line.
